YOU CANT HIDE THE SUN!

Posted By: Unity First (*Toronto-HSE-ppp3916454.sympatico.ca*)

Date: Wednesday, 5 October 2005, at 8:31 p.m.

Zowaa is the sun that is giving its light for our nation, nobody can hide the sun!

To sit in diaspora in America and Canada and say i'm Assyrian is not umtanayoota, we are sick of that, what we wanted and desired most is a national movement in the homeland, we have ZOWAA GABARA, they are there in the homeland, dedicating and sacrificing themselves.

Zowaa has set the stage for the unity of our nation and the results are that our nation is coming out of the slumber that the traditional churches had our people in for centuries now.

Zowaa is our nations last stand in the homeland and the enemy wants to wipe out Zowaa in order to wipe away our last hope in the homeland, we must not let this happen, we must support Zowaa.

Look at the Assyrian forum here, whats everyone talking about? whats the subject? go to paltalk, whats everyone talking about? whats the subject? its all about ZOWAA, a national movement has been established because its sacrifices, and we now see it, some are having a hard time coming to terms with it because of their unhealthy sickness.

God bless our nations Zowaa
